

SEVERE ITCHING HUMOR ON HANDS

Tiny Pustules Spread Up to Elbows
—Could Not Sleep and Scratched
Until She Bled—After Seven
Months of Futile Treatment,
Little Girl was Completely

CURED IN TWO WEEKS
BY CUTICURA REMEDIES

"My daughter, twelve years of age, was afflicted with a terrible itching of the hands which was so bad at night that she was unable to sleep. She scratched herself until she bled. The trouble began in the shape of small pustules about the size of a pinhead which produced severe itching and then a hard scab formed on top. These always peeled up again, bleeding badly. From the fingers it extended over the hand and as far as the elbows. The doctor said it was eczema and that recovery would necessarily be slow. He treated my daughter for seven months, but the trouble always grew worse. Then I started in to use the Cuticura Remedies. After I had used Cuticura Soap for two weeks, with Cuticura Ointment and Cuticura Pills, her hands were healed. Mrs. M. Strecker, South Haven, Minn., April 1 and July 7, 1908."

NEW AGREEMENT SIGNED

PLANS FOR IMPROVING SERVICE
FOR THIS SUMMER.

"The relations existing between the Utah Light & Railroad company and its employees are exceedingly pleasant," said General Manager J. S. Wells yesterday. "Since the agreement that was entered into between the employees and the company two years ago, at the time of the settlement of the short strike we then had, there has been no trouble. The men we now have are an excellent class, and generally we find them alert in their duties and looking after the interests of the company all the time. We are perfectly satisfied with them and we are glad to know that they are satisfied with us."

Yesterday forenoon a committee appointed by the street railway employees for the purpose met with the management of the company and signed a new working agreement for two years. The agreement signed two years ago expired last night at midnight, and the terms of the new agreement, which vary from the old agreement only in a few minor particulars, had been agreed upon by the employees in general session, and was also ratified by the company the day before.

Street car men who expressed themselves on the subject yesterday said that in no city of the country was there a better feeling between street railway employees and employers than exists here. The working agreements are entirely between the representatives of the employees and the men who furnish the work and pay the wages. The wages are 25 cents an hour for all employees who have been in the service less than 12 months. After a year's service the scale is raised to 30 cents an hour. The oldest men in the service have the choice of runs. Schedules are changed and posted twice each year, for winter and summer service. When these schedules are arranged, showing the service that the company proposes to establish on each line, the employees are allowed to choose their cars and runs according to the time they have served with the company—older men to have first choice, and so on down the list.

Plans for Summer.

Plans of the company, according to the general manager, call for many improvements in the street car service this summer. During the G. A. R. encampment in August particular efforts will be made to furnish the best possible car service to points in the city. A new summer schedule will be prepared and put into effect on May 15, and this will include later cars at night, earlier cars in the morning and more cars on all of the principal lines. Before this time it is expected that the rail-laying now in progress on Ninth South will be completed so as to give the new service to Sugar House. The new line runs on Ninth South from Ninth East to Eleventh East, thence to Tenth South, connecting with the old route. At present both Sugar House and Ashton avenue cars run over the same tracks from Ninth South to Tenth South. Real estate men have been greatly interested in the new car line construction, as it will increase the desirability for building purposes of property in that neighborhood, particularly the property known as the Gilmore farm at Ninth South and Eleventh East, which corner is now a quarter of a mile from the center street line, on which extensive improvements are being made. This work, General Manager Wells stated yesterday, will probably be finished within two weeks.

New Pattern Company.

The Banks Pattern company of Salt Lake yesterday filed articles of incorporation. The capital stock is \$50,000 divided into 5,000 shares of \$10 each.

RAILROAD BREVITIES.

Traveling Passenger Agent E. B. Ervin of the Salt Lake Route is home from a business trip east.

J. G. Doolittle has returned from the north, where he had been on railroad business. Mr. Doolittle is general agent for the Rock Island system.

D. S. Spencer, assistant general passenger agent for the Oregon Short Line, is spending a few days in Idaho on business for his company.

Kenneth C. Kerr is out of town looking after affairs for the Salt Lake Route. He is district passenger agent for this company.

After being present at the merger hearing held in this city, Judge R. S. Lovett, chief counsel for the Harriman system, has departed to points in Idaho on a pleasure junket.

Twenty-five thousand handsome folders are being distributed to G. A. R. men throughout the United States by the Denver & Rio Grande Railroad company. The pamphlets are well gotten up and will be a great source of information to the old soldiers who contemplate coming west next August to attend the national encampment of the Grand Army of the Republic in Salt Lake. The folders contain the portraits of the various commanders-in-chief of the G. A. R., a description of Salt Lake and surroundings, with appropriate illustrations and a map of Salt Lake City, which was made especially for this publication.

COUNTY IS SUED FOR HEAVY DAMAGES

Salt was brought in the district court yesterday by Frank Stanley, administrator of the estate of Sarah R. Stanley, against the county of Salt Lake for \$25,000 damages.

On April 30 of last year, just twelve months previous to the day of the suit, Stanley and his wife and two daughters and Ethel Reeves were driving over the county road from Reef Hollow Dugway to Lehi. Near Bluff in this county, the travelers encountered a fatal piece of highway, the wagon was overturned and the whole party went down the embankment. The Stanley family was instantly killed. The vehicle and other property was seriously damaged.
